

RURAL CARRIERS IN CONVENTION SPLIT OVER BILL

Minority Bolts When Resolution for Better Pay is Defeated.

GRAY WINS IN FIGHT

Defeats Berger for Honor of Being Delegate at Large.

(Special to the Republican.)
VISALIA, Sept. 4.—The highest state convention of rural mail carriers was held in this city today with a large representation present from all parts of California. With much business to attend to, the proceedings were carried through with a rush and the gathering adjourned after a late night session.

Prominent features were the fight over the delegates to the national convention at Milwaukee in 1912, the holding of the convention by several men when the gathering refused to approve a resolution sanctioning the Stone bill in Congress which provides compensation for carriers on the actual mileage basis of \$39 per mile per annum with a pro rata pay for more than twenty-four miles per day. The convention passed into a resolution favoring the increase of the salary from the present \$1,000 per annum to \$1,200 but without extra pay for mileage over the standard twenty-four.

The main fight over delegates centered about the delegates at large, where Arthur Gray, Fresno, defeated Berger, Fresno, and Ed McWhorter, San Joaquin. Berger later led the delegates to the hall. The officers elected are: President, C. H. Vadden, Los Gatos; Vice President, J. H. Demaree, Visalia; Secretary, J. W. Haynes, San Jose; Treasurer, J. C. James, Ceres; Executive Committee, C. W. Voodworth, Los Angeles; J. J. Jones, Pasadena; F. E. Voadburg, Gardena.

The convention passed resolutions urging the holding of the carriers' national convention in San Francisco in 1912, during the Panama-Pacific Exposition, in favor of the parcel post, whereby it was decided that the public would benefit and the carriers receive better pay, and turned down the proposed fraternal insurance with sick and death benefits for carriers. A discussion of horse vs. auto vs. motorcycle resulted in a decision in favor of the auto. The convention left the choice as to the next place meeting with the executive committee, with Los Angeles as first choice. A resolution favoring fixing the salaries by Congress instead of by the Postoffice Department was approved.

WATER RATE NOT FAIR TEST, CLAIM

Southern Pacific Pleads Against Application of New Law.

PORTLAND, Ore., Sept. 4.—That the water rule on freight between San Francisco and Portland is the lowest of water rates due to peculiarly destructive competition by lumber and cement shippers and other irregular carriers, was testified to today by Southern Pacific officials before Franklyn K. Lane of the Interstate Commerce commission.

In one table comparisons furnished by Traffic Statistician L. K. Butler of San Francisco, it was shown that the water rates between Charleston, S. C., and New York, about the same distance as between Portland and San Francisco, was fully 100 percent higher than the rate on the Pacific coast.

The effect of this low rate here has been to demoralize the through business. The Southern Pacific officials testified. A rate from Sacramento to Portland has been put by the railways at 51 cents, first class, based upon a quotation of 45 cents first class, by their steamships, but the water carriers are charged with never observing their quoted rates.

These facts were placed before Commissioner Lane, in the effort of the Southern Pacific company to be relieved of putting in a through rate between San Francisco and Portland, based upon strict application of the long-and-short haul clause of the commerce law of the federal government.

The hearings will continue for several days.

DARES HIMSELF TO SUICIDE; IS DROWNED

PORTLAND, Sept. 4.—To show that he was not afraid to carry out his threats to end his life, Henry C. Bull, a teamster, rowed a boat at Kenton late Sunday, rowed out on Columbia slough and leaped overboard. His attempt at aquanautism on the slough could not rescue him until it was too late. Bull, who leaves a wife and child, came here recently from Oakland, Cal.

ELEVEN DIE IN JUNEAU HOTEL FIRE

JUNEAU, Alaska, Sept. 4.—Eleven lives lost, fourteen persons injured, two of whom are not expected to live, and the Juneau hotel and the McGrath building in ashes, are the results of a fire which started in the hotel late last night and was subdued only after the Douglas fire department had sent men and engines to assist the local fire fighters. Six bodies have been recovered from the ruins and five more are believed to be buried in the debris.

The known dead: Will Morrison, day clerk, formerly of Portland, Ore.; Walter Davenport, a painter, of Tacoma; Selma Dowling, a native girl.

The bodies of Morrison, Davenport, two unidentified men and two unidentified women have been recovered.

Of the fourteen injured in the hospital, William Southwick of Michigan, and David Miles of Montana are believed to be fatally injured.

Will Morrison was a native of Wisconsin and who came to Juneau from Portland, was killed when he jumped from the third story. Selma Dowling, who is known to have perished, was reported to be the most beautiful half-breed maiden in Alaska.

The hotel and the McGrath building were owned by J. J. McGrath, but the hotel was leased to Paul Vincent. The loss is estimated at \$50,000, with no insurance.

The hotel, a large three-story structure, was crowded, and the entire building was ablaze before the alarm was given. The flames spread rapidly and soon destroyed the McGrath building, which adjoins the hotel.

Firemen and apparatus were sent from Douglas to aid the local department, and it was with difficulty that the men kept the entire business district from being destroyed. Workmen are digging in the ruins searching for the bodies believed to have been buried when the burning buildings collapsed. The cause of the fire has not been learned.

LABOR DAY IN CITIES OF EAST AND WEST

NEW YORK, Sept. 4.—Clear skies and a bright sun greeted Labor Day celebrants here today. The feature of the official program was a parade under the auspices of the Central Federation of Labor, the hundred or more parades represented promised the central body they would marshal 50,000 men and 10,000 women.

A special committee was appointed early in the day delegated to the task of inspecting everything that was worn or carried in the parade, to see that no non-union articles gained place.

A special place in the line was provided for the McNamara League, formed to collect funds for the defense of the alleged Los Angeles dynamiters. Individuals were stoutly defended by a score of emblematic and mottoes condemning the arrest of the McNamaras in forcible terms.

15,000 IN LINE
LOS ANGELES, Sept. 4.—With all the hands in the line, the parade of the McNamara League at frequent intervals, nearly 15,000 union men and women marched in the labor parade here today.

Under orders from Mayor Alexander, the original route was changed, so that the marchers did not pass the county jail, where the McNamara brothers are confined, pending their trial next month on charges of dynamiting and murder. But when the local showers reached the intersection of Temple and Main streets, the nearest point to the prison, they defied their fate and marched bareheaded past the corner.

From the windows in the rear of the jail the parade could be seen, and many eyes were turned expectantly toward the barred openings, but neither John J. McNamara nor his brother, James, were to be seen. They did not leave their cells to catch a glimpse of the parade.

Labor leaders in charge of the parade assured the police that there would be no outbreak or trouble of any sort. Nevertheless, platoons of uniformed patrolmen, reinforced by scores of detectives and plain clothes men, were posted along the line of march. One section of the parade consisted of fifty or sixty boys and girls, bearing banners inscribed "Socialist League." They cheered continuously, "Hurrah for the McNamaras," as they marched along.

DEAF AND BLIND STUDENT AMBITIOUS TO BECOME SENATOR

LOS ANGELES, Cal., Sept. 4.—After graduating from three universities, Edward Ray, blind and deaf and of frail physique, is in Los Angeles, today to matriculate at the college of law, University of Southern California.

He already has attained the degrees of A. B., A. M. and L. L. D., and says that he intends to add one or two more to his collection before turning to his native state, North Carolina, to make a definite start toward achieving his life's ambition, to become United States senator from that commonwealth.

COLORADO RIVER HAS DISAPPEARED

May Be Finding its Way Under Ground Into Salton Sea.

SAN BERNARDINO, Sept. 4.—That the Colorado river has buried itself in an underground channel two miles south of Yuma was the statement of William Cranston, a mining man who arrived here tonight from that point. Cranston said that the mouth of the channel had not been discovered and it was feared by residents of that section that the water was finding its way into Salton sea.

MARKHAM REFUSES TO TREAT WITH FEDERATION OF UNIONS

Labor Representatives to Decide at Once on Action.

CONFERENCE TODAY

Officials at San Francisco Say Those in East to Decide as to Strike

CHICAGO, Sept. 4.—President Markham of the Illinois Central Railroad, ended today the hope of an immediate settlement of the labor difficulties of the road by directing a letter to W. F. Kramer, secretary of the international blacksmiths' union, refusing to meet representatives of the federated shop employees tomorrow.

"The officers of the federation will meet the union tomorrow and decide as to what action will be taken in the future. The union representatives intimated that their plans already had been made. President Markham issued a statement that the plan crafted in the federation had turned matters over to the international officers and would await their action."

MARKHAM'S LETTER.
The letter from President Markham of the Illinois Central Railroad to Secretary Kramer of the International Union says in part:

"I have been repeatedly stated to myself, and associated present at meetings with Mr. Park and myself, there are in existence certain contracts between the Illinois Central Railroad and seven of the organizations represented in the foregoing communication. Never before in the history in our dealings with labor organizations have we been asked to change contracts except in the usual manner provided therein."

"That the thirty days' notice which has always been regarded as an essential feature of settlement be given. The required thirty days' notice not having been given in the minutes of the building trades council, was asked to change contracts except in the usual manner provided therein."

"I am not sure that the different contracts, and must again decline to enter into negotiations with other agencies for the purpose of making changes therein."

ONE MANAGEMENT OPPOSED.
The paramount interest in this controversy is that of the shipping and traveling public and being convinced that it is the ultimate purpose of the federation to consolidate railroad service employees into one organization, the management does not feel that public opinion would sustain it in entering into an agreement which would place in the hands of one body the power to threaten the commerce of the country. Neither does it believe that the same public opinion will sustain any action which will result in disruption of the harmonious relations that have heretofore existed between the Illinois Central and its employees."

"When a copy of the letter was shown to President Markham, he detailed the following statement:

"If this letter is authentic, it is very evident to us that the officials of the Illinois Central are seeking to force the issue prematurely. That could be the only conclusion to draw from such a communication."

"I cannot say what will be done in regard to this letter. That matter is up to the international officers in Chicago who have been holding the conferences with President Markham. They are to hold a meeting tomorrow morning at 10:30 o'clock."

OBJECTS TO NOTICE.
The officials of the unions say they have twice given thirty days' notice that they desired changes in the contracts. President Markham, they say, was not satisfied with the form of the notices inasmuch as they were not signed by the same men whose names appeared on the contracts.

CHICAGO TO DECIDE.
SAN FRANCISCO, Sept. 4.—The international presidents of the five-shop craft unions now here have delegated their authority to enforce the ultimatum presented by the federation of shop employees of the Illinois Central Railroad to representatives of the federation of shop employees, according to a statement tonight by President J. W. Kline of the blacksmiths' union.

"The affair is entirely in the hands of our representatives in Chicago," said Kline, who told of President Markham's refusal to meet representatives of the federation of shop employees tomorrow. Kline declared that he had not been notified that the representatives of the international presidents had taken action yet toward striking on this.

"The situation requires a meeting with President Markham. It was refused. Then the federation again requested a meeting, accompanying the request with an ultimatum demanding a favorable answer by 10:30 tomorrow morning."

STRIKE IN ORDER.
"Does President Markham's refusal mean that a strike will be called on the Illinois Central?" he was asked. "I suppose it does if our representatives in Chicago deem it advisable to carry out the ultimatum delivered to President Markham."

When asked if the action of President Markham would have any effect on the action of the advisory board of the federated shop employees of the Harriman lines which meets here Friday, he answered:

"Of course, if President Markham has refused to meet representatives of the federation there would be something doing."

While Kline denied that he had heard of any action as yet regarding the calling of a strike, he intimated that notices similar to the one said to have been posted in the Paducah, Ky., shops last night, notifying union shopmen to hold themselves in readiness to strike tomorrow without further notice, probably would be posted throughout the Illinois Central system tomorrow morning.

GOVERNOR JOHNSON OPENS CAMPAIGN FOR AMENDMENTS

RECALL OF JUDGES AND DIRECT LEGISLATION NECESSARY, HE SAYS, TO CLEANSING THE POLITICS OF CALIFORNIA

SAN FRANCISCO, Sept. 4.—Governor Hiram Johnson spoke today in favor of the recall of the judiciary, before the conference of the Direct Legislation League of California, in which he made reference to President Taft's argument in rejecting the recent statehood bills, although without referring to the President's name. He also replied to the charges made by Secretary of State Frank Jordan, regarding alleged errors in the printing of the proposed constitutional amendments to be voted on October 10th.

In part the governor said: "When we began at Sacramento to plan how to protect and arm the people against a recurrence of the old machine rule we turned to direct legislation and not only to the initiative and referendum but to the recall. We planned that the recall should not be applied only to the government, but to every judge."

"There was a well fixed design that a special election on these amendments should not take place. At the moment it was given out that through the failure to do this and cause 'us' it was utterly impossible that this election should take place."

A distinguished state printer, assisted by an equally distinguished secretary of state said that the necessary printing could not be done. Nevertheless, the printing is going on with three shifts, working the entire twenty-four hours.

TERROR OF RECALL.
"The object terror that the recall has caused certain parties to experience, furnishes the humor of this campaign. In a recent veto message, which received a wide notice throughout the country, it was stated: 'Think me over that will be given to the political boss through the recall.' This recalls me of the argument advanced when men representing big interests, when attacked, have cried: 'Think of the widow and orphans who hold stock.' This same fear of the mob was the principal argument of the interests in opposing the direct primary."

"We are told that if the recall is passed the mob will rule our courts. I say that the man who decides according to the law and evidence will never fear the recall, but there is another kind of judge, who is not only swayed by the mob but by the big interests and he is thoroughly unfit for the bench. No just judge will be less just and no weak judge will be less weak if the recall obtains. The only one whom the recall menaces is the corrupt judge. No one would seek to take a man off the bench whose he believes to be acting justly and honestly."

"Who then constitutes this much feared mob and rabble? Why, it is the other side which arrogates to itself the right to rule. The belief that there should be one governed class and a class to be governed is merely a survival of the old idea of the divine right of kings. It is what the recall is—democracy on its onward march. This is the only thing that will keep the state as we have been striving to make it."

CLAPP SPEAKS.
SAN FRANCISCO, Sept. 4.—The action of President Taft on the Arizona statehood bill clinching the recall of the judiciary was denounced as an attempt at the bribery of the people by Senator Moses E. Clapp of Minnesota at a banquet given tonight by the Direct Legislation League.

"What shall we say of a policy to force an electorate to forego its convictions as the price of admission to the union?" he said.

"It is a mark of the dark ages. It is an attempt at the bribery of a people. There are two cases of bribery now being investigated by the Senate: yet, in the spirit of the recall, there is an attempt to bribe a whole people. The result is the people of Arizona will react on the opponents of the recall of the judiciary and will do much to further the recall of the judiciary throughout the United States."

The fight against the recall of the judiciary is the last stand of the special interests.

ATTACKS PAYNE BILL.
Senator Clapp attacked the Payne-Aldrich tariff bill, advocated women's suffrage and outlined the benefits in he derived from the passage of the initiative, referendum and recall amendments to the constitution of California, which will be voted on October 10th.

Governor Hiram W. Johnson acted as a guest. In introducing Senator Clapp, Governor Johnson declared that those present had met in no particular way, but in the presence of a common fight for good citizenship. He declared that the most effective weapons for the protection of the citizens of California were the initiative, referendum and recall.

On the motion of W. S. L'Etienne, a message of greeting and encouragement was sent to the progressives of Ohio and Washington, who are struggling for the passage of similar measures to those pending before the California voters.

Among those who delivered brief speeches were Chester H. Rowell of Fresno; Congressman E. B. Barker of Alturas; Marshall Stinson of Los Angeles; Congressman William Kent, Dr. John R. Haynes of Los Angeles; Andrew Furuseth, John W. Stetson, James D. Phelan and Meyer Lissner.

CHILDREN KILLED IN KEROSENE FIRE

Four Found by Neighbors Covered With the Burning Oil.

PASADENA, Cal., Sept. 4.—Two children are dead, one other is expected to die and a fourth is seriously burned here today as the result of an attempt by the oldest to light a fire with kerosene.

The dead: Lillian Vasquez, 6; Fred Vasquez, 11; Lillian's brother. The injured: Amelia Vasquez, 11; Beatrice Salcido, 11.

The attempt was made in the home of Frank Vasquez, whose wife, the mother of three of the victims, was absent nursing a sick relative. The daughter of the latter, Beatrice Salcido, had been left in charge of the smaller children and it was while she was preparing to cook them a lunch that the explosion occurred.

All of the children were covered with burning oil and before neighbors who heard the explosion came to their rescue most of their clothing had been burned from their backs. The Salcido girl was the least injured of the four. Baby Amelia was picked up by Noel Clark, a neighbor, and doused in a tub of water. She is in a critical condition.

AVIATOR IS BURNED ALIVE IN THE AIR

HUELVA, Spain, Sept. 4.—A French aviator, M. Le Jarrozier, while flying here today, fell 250 feet and was killed. The motor exploded setting fire to the aeroplane. The aviator was incinerated.

HATRED IS SHOWN TOWARD SUAREZ BY MEXICAN FACTION

Madero's Chances for the Presidency Are Said to Be Lessening.

GOMEZ IS BETTER

Riot Against Reyes Meeting is Having Bad Effect.

MEXICO CITY, Sept. 4.—"Long live Madero! Death to Pino Suarez!" was the shout with which the people of Mexico greeted a speech by Francisco Madero today, indicating how the candidacy of Jose Pino Suarez for the vice-presidency has been received in some parts of the republic.

Only in a few quarters has the insurrectionary movement been directed against Madero, the progressive anti-republican for the Presidency, but the spirit of antagonism toward Suarez has been manifested by public statements and editorials throughout the republic.

A number of the faithful of Suarez fear that the selection of Suarez and the riot of yesterday when Don Bernardo Reyes, the opposition candidate for President, was stoned, may lessen the chances of Madero for election.

A number of the faithful of the capital condemn the riot as a demonstration of the sort of democracy is this we have gained?

Dr. Francisco Vasquez Gomez, the defeated candidate for the vice-presidential nomination in a public statement assailed Madero's policy of giving anti-republican the benefits of the revolution and declares that under the regime of Diaz more consideration was given Madero himself than he organized a nomination in the capital in 1910, than was accorded yesterday to General Reyes.

While Madero in a public statement deprecated the riot, he explained that the people were afraid that Reyes would impose on them another dictatorship. He also made a prediction that his ticket would have the support of 99 percent of the people.

Popular opinion in the capital seems to be that the refusal of the people to permit Reyes to speak would make Madero's chances for Reyes and react on the Maderistas.

500 HOMELESS MEN ARE FED

Bible Rescue Mission Gives Out Food on Farm Near Chicago.

CHICAGO, Sept. 4.—Five hundred homeless men gathered from lodging houses and saloons were given an outing today by the Bible Rescue Mission on the farm of Rev. Benjamin M. Brown, near the Park.

Many men refused to accept the invitation, fearing that a practical joke was about to be played on them.

"I am not going out to that place," remarked one lodging house habitué. "I was out in the country once a long time ago and they made me work and I have never forgotten it."

The guests after attending a religious service on the lawn in front of Dr. Brown's residence sat under the trees and exchanged experiences of youthful days.

At noon dinner was served, consisting of roast beef, baked potatoes and a half dozen kinds of vegetables.

PROHIBITION FIGHT DRAWS TO A CLOSE

PORTLAND, Maine, Sept. 4.—The forces for and against constitutional prohibition in Maine entered on the closing weeks of the campaign today. Activity on both sides will be at high water mark for the remainder of the struggle.

The prohibitionists will continue their meetings with their corps of speakers from outside the state augmented by former Governor Glenn of North Carolina and Congressman Richmond P. Hobson of Alabama.

The repeal movement's workers will adhere to their original plan of the distribution of a large amount of literature rather than public meetings.

The amendment to the constitution the repeal of which the people will vote on a week from Monday prohibits the legislature from passing any law allowing the sale of liquor in the state for other than medicinal or medical purposes. There is also an old statutory law which prohibits the sale of liquor for any other purpose than those already allowed and in several, the present constitutional amendment should be repealed by the people if it would be necessary for the legislature to repeal that prohibition statute and enact a new liquor law. The ballots for this election will contain two other constitutional questions and one referendum on a direct primary statute law.

The constitutional amendments proposed are one permitting Portland to increase the hotel limit allowed to cities and declaring Augusta permanently the capital of the state.

TWO FIGHTS WITH ZAPATA

MEXICO CITY, Sept. 4.—Sixty Zapatistas live in two encounters with Federal troops in the state of Morelos, according to official advice received today. No mention is made of the Federal losses.

NEGOTIATIONS OVER MOROCCO REOPENED

Germany Asks Assurances of Commercial Chances in North Africa.

BERLIN, Sept. 4.—The German foreign minister, Herr Von Kiderlin-Waechter, met here today to discuss France's proposals to Germany looking to a settlement of the Moroccan dispute.

The impression prevails among German statesmen that the chief difficulty in the negotiations will be experienced over the problem of adequate guarantees for the maintenance of Germany's economic status in the Moroccan empire.

The resumption of the Franco-German negotiations did not create optimism on the bourse, the tone being generally weak.

The French ambassador, whose "Hilma" it is intimated, was due to the reluctance of France to resume negotiations on the anniversary of the defeat of Sedan, called to the foreign office and communicated the decisions of the French cabinet. Germany's reply to the proposals is expected shortly.

That there is no possibility of a war between France and Germany over Morocco was the substance of a conversation between the German foreign minister and Representative Richard Bartholdt, and C. R. Wolfman, the special ambassador of President Taft to discuss the French proposals of Germany.

The minister was of the opinion that while some difficulties might be met with, the negotiations probably would end in the recognition of France's political predominance in Morocco and in guaranteeing Germany economic opportunities in Morocco with a view of possibly insuring her supplies of raw material, particularly iron, for the future as well as the transfer to Germany of a slice of the French Congo.

Herr Von Kiderlin-Waechter said he considered the question of new materials important but not important enough to justify wars.

at 10 o'clock from the Fowler Baptist
church.

Foundsmen's Larry killed 51 uncleaned
for dogs last month, took up the carcasses
of 10 other dogs that had been
killed and issued tags for 32 uncleaned
city canines.

John Gross was arrested last night by
Patrolman Cronkrite and charged with
disturbing the peace. He was later
released by an order issued by Acting
Judge Smith.

A call "Waterbury" afternoon was sent
into police headquarters from Harman's
mobster for an officer as a fight was taking
place between several men. Officers
Cronkrite, Davis and McCall answered
the summons but were unable to find
any one who had been fighting after
arriving at the scene.

BIRTHDAY SURPRISE PARTY.
Mr. and Mrs. George T. Pickett were
given a surprise Saturday evening at
their cozy home on Tulare street.
The occasion was Mr. Pickett's birthday.
About twenty-five were present to
wish him many happy returns of the
day. Several musical selections were
rendered. At 10 o'clock a Dutch lunch
was served, followed by music and
dancing. At 12:30 the assembly bade
Mr. and Mrs. Pickett good night.

Opening of the Unique
Hair Dressing Parlors

All week the ladies of Fresno have
made tours of inspection through the
enlarged Unique Hairdressing Parlors,
now occupying seven rooms in the
Edgerly building.

The rooms have been artistically
decorated in graceful pepper, bougainvillea
and roses, giving the
appearance of an afternoon tea
rather than a hairdressing parlor. The
departments devoted to manicuring,
hairdressing, shampooing, scalp treatment
and facial massage have been
generously patronized.

Customers are received in manicuring,
scalp treatment, facial massage
and chiropody.

New and beautiful hair goods just
received.

Body massage for ladies only will
be ready September 5th. The parlors
have recently changed hands and are
now owned and personally managed
by

MRS. WILLIAMS, CHIROPODIST,
who has had ten years' practice in
New York City and Pittsburg, Pa.
1942 Tulare Street, elevator entrance.

IN THE LODGE ROOM

FRATERNAL BROTHERHOOD
Fraternal Brotherhood Lodge No. 51,
meeting at Edgerly hall last night was
visited by Supreme Chaplain and former
President of No. 51 Bachelor as a visitor
from Oakland. He made a talk on the
work of the brotherhood. After the lodge
business there were music and dancing.
A committee of three was appointed to
arrange for a week's social next Monday
evening with music by the lodge orchestra.

PERSONAL MENTION

Mr. and Mrs. Joseph Roberts of Arroyo
were in town yesterday. Mr. Roberts is
a prominent contractor of Kings
county.

Superintendent Johnson, wife and son
returned yesterday morning from a tourist's
vacation in the southern part of the
state. They spent the time at Los Angeles
and Catalina Island. Mr. Johnson
proceeding then northward to be with the
Engles in San Francisco during the
week of the grand rally.

A party of young folks from this city
yesterday spent the day on the banks of
the San Joaquin river enjoying the
cool breezes and partaking in various
sports. Those in the party were: Mr.
and Mrs. L. C. Jones, Mr. and Mrs. E.
L. Meza, Mr. and Mrs. K. H. Nishikien,
Mrs. Pearl Rogers, T. A. Dymond, T. J.
Cook, C. R. Russell and Ed Sheeran.

FIVE BIDDERS ON
HAND AT HOUR SET

Supervisors Had Overlooked That
Monday Was Public
Holiday.

Five bidders assembled yesterday afternoon
at the door of the superintendent's
chamber at the hour set in the
advertisements for the filling of
tenders for the remodeling of the
county jail. No one appeared to receive
their bids. The day and hour
had been set unthinkingly of the fact that
the first Monday in September would
be a public holiday, nor was Labor Day
ending when adjournment was taken
for the September session. The bidders
were all from out of town and
under the general rule the session of
the board and all business scheduled
for the opening day went over until the
following day. The bidders were all
aware of the holiday, but presented
themselves notwithstanding at the
hour set in the advertisement, not
having been advised to the contrary.
The story was current that one of the
bidders finding himself locked in the
courthouse found his way out at a window.
The foundation for this story
was that under a recent order of the
superior court all court room and
entrance doors are locked on Sundays
and holidays with the exception of one
in out of the way place in one of the
basement corridors, and the bidder
who lost himself yesterday in the
court house after the noon hour closing
had to shout from a window to
learn the way out.

MANGLED BY LIONESS,
INSANE MAN DIES

LOS ANGELES, Sept. 4.—G. D.
Feldner, who was mangled by lions at
the East Lake Zoo, two weeks ago, is
dead from the effects of his wounds.
Feldner escaped from a sanitation
and under the delusion that assassins
were chasing him, fled to the Zoo
where he tried to break into the lion
cage. A lioness stripped the flesh
from both his arms.

WYOMING STOCKMAN DIES
WHILE SERVING FRAUD TERM

CHEYENNE, Wyo., Sept. 4.—Barrett
Richards of Los Angeles, formerly one of
the richest stockmen in Wyoming, brother
of former Governor Deforest Richards
of Wyoming, died at Rochester, Minn.,
today, following an operation. He was
serving a sentence of one year in jail
at Hastings, Nebraska, for conspiracy
to acquire government land through
dummy entrainers.

PROPOSE TO BRING
AVIATOR TO FAIR

Representative of Curtiss is Here
to Submit Proposition
to Directors.

S. G. Ray, western representative
of the Curtiss Exhibition company,
which furnishes aeroplane attractions
featuring the various Curtiss birdmen,
and C. H. Walker, one of the flyers,
arrived in Fresno yesterday, to talk over
the Fresno County Agricultural Fair
directors. They state that they have
a proposition to submit to bring one
man here to furnish aeroplane flights
each day of the fair. Just who the
flyer would be, they could not state.
The matter has been put up to Secretary
Eberhart of the fair association,
but has not been brought formally before
the directors as yet. The party
motored down from San Francisco.

EMPLOYERS ARE LIABLE

While it will be to the advantage of
all employers to insure against accidents
to employees, great care should be
taken in the selection of insurance
policies. Accept one only when it
covers the entire liability and absolutely
binds the company. THE
FIDELITY & CASUALTY CO. of
NEW YORK issues such contracts.
It will pay you to see me before taking
any other.

UNION MEN, ATTENTION!

You should be vitally interested in
the constitutional amendments to be
voted on October 10. To vote on same
your name must be on the Great Register.
If you have moved since the last
general election you must procure a
transfer at the county clerk's office.
Saturday, September 9, is the last day
to register or transfer. Attend to this
matter immediately.

FRESNO LABOR COUNCIL,
T. C. VICKERS, Secretary.

Few, if any, medicines have met with
the uniform success that has attended
the use of Chamberlain's Colic, Cholera
and Diarrhoea Remedy. The remarkable
cure of colic and diarrhoea which it
has effected in almost every neighborhood
has given it a wide reputation.
For sale by all dealers.

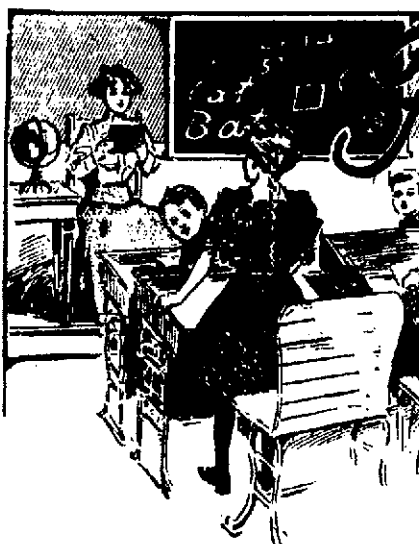

TALLY TAGS AND TIME CARDS

For fruit pickers and packers carried
in stock at the Fresno Republican
Job Printing office.

Kidnaps and supplies. Finishing for
matrices. C. H. Staples, 1940 Mariposa
street Fresno, Cal.

SOCIETY

Mr. and Mrs. L. L. Cory, with their daughters, Misses Edith and Margaret Cory and Marion and Barbara Cory, have returned from a delightful vacation at Del Monte. Miss Margaret made a distinct success in the role of the fair Coe in "Jack's Dilemma" which was recently produced at the Monterey theater, by a number of the Del Monte guests. The proceeds of the entertainment were devoted to charity.

Miss Gertrude Cross is to be missed from the local social gatherings during this winter as she is to enter the San Jose Normal school the coming semester.

Mrs. W. D. Clehoun is back from a summer's sojourn at Ocean Park.

Mrs. A. M. Miles and Miss Ida Miles returned on Saturday from a visit to Pacific Grove and San Jose, returning home from the latter city.

Miss Myrtle Harrell has gone to San Francisco for a visit of a few weeks.

Prof. and Mrs. E. W. Lindsey, having returned from their mountain trip, are establishing themselves in their cozy new home on Palm avenue.

Mrs. Frank Wyatt and her sister, Mrs. Jesse Blasingame, are among the late arrivals from coast points.

Mr. and Mrs. J. M. Wrightson re-

STOMACH DISTRESS AND DYSPEPSIA GO

Diapiesin Makes Upset
Stomachs Feel Fine in
Five Minutes.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapiesin in the house, handy?

This harmless blessing will digest anything you eat without the slightest discomfort and overcomes a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these Diapiesin boxes. Diapiesin is then you will readily see why it makes indigestion, Sour Stomach, Heartburn and other distress go in five minutes, and relieves at once such insidious ailments as Boiling of Gas, Eructations of sour, over-acid food, the same, the same, the same. Constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach with the common "cat" pills, advertised that they have made up their minds that they have something else wrong, or believe there is a case of Stomach Trouble, Catarrh, Catarrh of the Stomach, or Cancer.

The no-doubt a serious mistake. Your real trouble is, what you eat does not digest; instead it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and become the source of the breath with nauseous odors.

A hearty appetite with thorough digestion and without discomfort or misery of the stomach, is waiting for you as soon as you decide to try Diapiesin.

THE HERPIDOIDE GIRL IS THANKFUL

I am always grateful for real blessings, and I know of nothing that I need to feel more thankful for than Newbro's Herpidoide. Thousands of ladies not only in the United States but all over the world, would feel the same about it. To this wonderful scalp and hair remedy they owe their soft, long, beautiful hair.

Mary J. Terry, of Lovelock, Ill., writes: "My hair came out until there was just a sorry cover for the scalp. I tried everything I ever heard of or read about until I finally used Herpidoide. There is nothing like it. My hair is now covered with new hair. I shall forever praise Herpidoide."

Most hair troubles come from dandruff. Newbro's Herpidoide removes this dandruff by killing the germ which causes it. It also stimulates a flow of blood which nourishes the follicles. The scalp being healthy, the hair does not come out, and the new hair is allowed to grow.

There are other preparations which they say are "just as good" as Newbro's Herpidoide. It is not advisable to try them. Instead of doing any good they may do positive harm.

No one is ever disappointed in Newbro's Herpidoide. The results are always the same, always satisfactory, as is indicated by the fact that Herpidoide has been sold for years and has thousands of satisfied friends. It is the only genuine dandruff germ destroyer. There is nothing "just as good."

One dollar size bottles are sold and guaranteed by all druggists. Applications at good hair shops. Send 10c in postage for sample and book to The Herpidoide Co., Dept. B, Detroit, Mich.

San Joaquin Drug Company, Special Agents.

K and Merced Sts.

turned on Saturday from a pleasant vacation at the coast.

Mrs. W. D. Noble and daughter, Miss Dorothy Noble returned on Sunday from a recent month's stay in Berkeley, where they were guests at the Thruway. Miss Dorothy has a number of close friends in this city, and hills, who have made her stay one of much pleasure, among them being Miss Margaret Griffith, formerly of Fresno.

Mr. and Mrs. W. H. McElroy and family returned on Sunday for their home in Merced, after a pleasant visit in the Dr. G. L. Long home on Tenth street.

From Carson City comes the interesting news of the marriage of C. W. Thompson of Los Banos, and Miss Grace Collins of Carson City. Mr. Thompson is the manager of the Miller & Lux stores in Los Banos, and his bride was one of the most popular society ladies of her home city. The young couple are spending their honeymoon tour in the cities of the northwest.

Miss Edith T. Radcliffe, having spent a delightful summer in the Feather River Canyon, is now engaged in her musical studies in Berkeley before returning to Fresno for the season's work.

Mr. and Mrs. E. V. Signer and Mrs. P. T. Barker returned on Saturday from San Francisco where they spent part of the heated season. Mr. and Mrs. Signer have taken an attractive apartment in the St. Andrews for the winter.

Mr. and Mrs. Albert Yeargin and Miss Vernal Yeargin are home from an extended vacation at the southern beaches.

Mrs. Minard and her daughters, Misses Mabel, Margaret and Jeannette Minard, are among those recently returned from an enjoyable outing in the Santa Cruz mountains.

Mr. and Mrs. W. D. Avilson and Miss Wilson are at home again after an enjoyable vacation spent in Santa Cruz.

Mr. and Mrs. Robert L. Ferrell left Sunday night via the Southern Pacific for St. Louis. They expect to be away from home for about six weeks. Ferrell was born in St. Louis, and this is the first visit he has made to his home in twenty-three years. They will also stop off in Seattle and Vancouver and the principal Eastern cities.

Mrs. R. C. Bull and family returned yesterday from a five weeks' vacation at the coast.

FRESNO ENGINEER CALLED BY DEATH

The many friends of Charles T. Walker will regret to learn of his death last Friday in Los Angeles after an illness of two weeks. He was an engineer on the Santa Fe having entered the service of the Valley division November 28, 1902, with continuous service since that time. He was apparently in good health up to two weeks ago, when his condition became so serious that he was hurried to the hospital in Los Angeles. His family were with him when the end came.

His funeral was held yesterday afternoon at the Los Angeles crematory.

Made in the most sanitary and up-to-date mill in the West.
Milled, sealed and packed by machinery.
CARNATION WHEAT FLAKES from California hard wheat.
CARNATION ROLLED OATS from Oregon white oats.
CARNATION GRANULATED WHEAT from Minnesota macaroni wheat.

NEWMAN-FOLTZ CO. IN THELMA AT THE BARTON

Miss Bertha Foltz, of the Newman-Foltz Company, who will present "Thelma" tonight at Barton.

Last night at the Barton opera house the popular Newman-Foltz company repeated their sparkling bill, "Auntie," and scored another big success. Tonight, the company will present "Thelma," the beautiful romantic story of Norway, which Marie Foltz has made famous. No other novel of recent years has had such a big sale, or been more widely read, and the play which follows the book closely is just as popular. The Newman-Foltz production of the brilliant story will do credit to any of the larger stock companies and compare favorably with any metropolitan attraction. Miss Foltz will have the leading part, assisted by Mr. Newman as the English nobleman who falls in love with this charming daughter of the Norwegians. Everyone in the cast gives excellent support and with the picturesque scenic effects, showing the Aurora borealis, the Northern Lights, and the burning Viking ship, it is a performance well worthy the Newman-Foltz name. Clever understudy is introduced between acts at all performances and popular prices prevail. Seats on sale for all performances. Prices 10, 20 and 50 cents.

FIRE NOT INCENDIARY, SAYS CHIEF WINTERMUTE

Myron Bettridge Claims He
Will Take the Case up
With Attorney

That the small blaze in the basement of the Bettridge building, at the corner of K and Fresno streets, early yesterday morning was not the work of a firebug, was the statement made by Fire Chief Wintermute yesterday afternoon after thoroughly investigating the fire. The small blaze in the basement was discovered by a man passing by the building who saw smoke emerging from the basement. Cole Salting, manager of the Kopper Kettle restaurant, discovered the blaze at about the same time and extinguished it with a small fire extinguisher. The fire was in a box in the middle of the basement and was not near any inflammable material. A pair of old canvas trousers were found in the box. They were partly burned and the theory is advanced, that matches were probably in the pockets and were ignited by rats or mice. This makes the sixth time that the building has been on fire. Every time the fire was started in the early hours of the morning. The building has been destroyed twice but after the last fire was rebuilt and a second story added. Millard and Scott, grocers, formerly occupied the building but after the fifth fire they gave up their business. Myron Bettridge, son of the owner of the building, stated yesterday that it was his opinion that the fire of the morning was of incendiary origin and that he would take the matter up with attorney E. A. Williams when he returned to Fresno. Chief Wintermute says that he is satisfied that the fire yesterday was accidental.

Wrinkleless Skin Now Easy to Have

(From Family Physician.)
There's no excuse for any woman having wrinkled skin. It has been found that a simple mixture of exfoliate and witch hazel has a remarkable action upon the deepest wrinkles, no matter what their nature, whether caused by worry, habitual frowning, a disfigurement of the face or the ravages of Father Time. This harmless remedy which anyone can easily make, obliterating the ingredients of any drug store, acts both as an astringent and a tonic. The combined effect of tightening the skin and brightening its vitality is to immediately affect every line and wrinkle, keeping the cuticle smooth and firm as in youth. The proportions are: one ounce exfoliate (powdered) to one half pint witch hazel. The solution should be used as a wash lotion. It is equally effective in disposing of flabbiness of cheek and neck, as well as sagging below the eyes.

FOR HEADACHE

Caused by overwork or worry, by summer heat, nervousness or indigestion, take **Horsford's Acid Phosphate**, a remedy prepared by the most improved methods known to chemistry.

**Horsford's
Acid Phosphate**
Non-Alcoholic.

California Oil

DECLARES VALLECITOS

WILL BE GOOD FIELD
Agent of Range 16 Reports
Fine Showing Found
in Territory.

Undoubtedly a new light oil field is to be developed in the Vallecitos district, which is about fifteen miles north of the Coalinga field, according to an agent of the Range 16 Oil Company, who returned yesterday from an inspection of the company's well, where a strike had been made at 1,815 feet. He declared that very light oil, 33 gravity test, has been secured in paying quantities and that the well is far enough finished at the present time to make it apparent the production will be at least 500 barrels a day. The same well is said to have been tapped by the Sussex and the Vallecitos Development companies, making a strip of territory several miles in length in which the grease has been secured, at a depth of from 1720 to 2000 feet.

It is further stated that the New Bedford, the earliest of the companies in this district, has its well down 2,000 feet, with a log that checks up well with Range 16. The tools are dripping with oil when taken out of the hole. The Vallecitos Development well is on ground that recently figured in a big deal, also involving land in the Coalinga field, when a British corporation paid \$5,000,000 for various California holdings. No information is being given out at this well, but it is declared the same hole shows the pay dirt has been entered.

The John Kern Company, in the same region, is said to have a pond, the size and value of which is not known, at 2,760 feet.

The log of the Range 16 is said to show a remarkable similarity to those of the Palmer wells of the Cat Canyon region, in the south, and the earlier behavior of the well is said to be similar to that of this group of gushers.

SAYS HIS WIFE WAS CRUEL TO CHILDREN

Sylvestre Menezes, Alleged
Wife Deserter, Re-
turned Here

That his wife was cruel to his children and that she contradicted him on every subject that was mentioned by him and that was disagreeable to him, was the statement made to Deputy Sheriff Thorvaldson by Sylvestre Menezes, a Portuguese, who was jailed at the jail here yesterday on a charge of deserting his wife. Menezes will be arraigned before City Justice Graham this morning.

Menezes was arrested at Rancho, New Mexico, while en route to New York with his children. He was taken off the train there and held in custody until the arrival of the Fresno officer. Thorvaldson made the trip from here to Rancho and return in record breaking time, only stopping at Italian Springs before he again took the train for Fresno.

As Menezes cannot speak much English Thorvaldson was unable to learn much from him. Menezes in broken English told the officer that his wife was a great spite and that he left Fresno because his wife was disagreeable and treated his children very cruel. Menezes parted with his children at the jail door and it was all the man could do to keep back the tears when he kissed his children goodbye. The two little children were taken to their mother. She fondly kissed them and took them into the house and prepared a meal for them. The trip on the train was exceedingly hard for the little ones as they were forced to stay in the chair car both nights while on the return trip to Fresno.

Considerable excitement was caused in Fresno a week ago at the sudden disappearance of Menezes. It was found that the man had become demented and made way with his children. He left home last Tuesday afternoon telling his wife that he was going to take the little boy and girl "bye bye."

POLICE CHIEF WILL ENFORCE ORDINANCE

If Ordinance Gives Power,
Patrolmen Will Shoot
Unmuzzled Dogs

That the Fresno owners of dogs will have to obey the law and muzzle their dogs was the statement made yesterday afternoon by Chief of Police Jones. This statement was made by Chief Jones after a conference with Dr. George Allen, city health officer. Chief Jones with this morning carefully read the muzzling ordinance which was passed by the city trustees recently.

If he finds that the police chief has the authority, in order to enforce the ordinance, to order that all unmuzzled dogs on the public streets be shot on sight by the policemen, Chief Jones will issue orders to that effect.

"If the ordinance gives me that authority," said Chief Jones, "I will give all owners in Fresno ample time to purchase muzzles for their dogs and then if they do not comply with the law they will have to suffer the consequences. I am a lover of dumb animals and I would hate to think that innocent dogs would have to slaughter on the public streets because their master or mistress will not muzzle them."

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

Stamping and embrodering, 1915 Fresno.

TOWN IN LOST HILLS

TO MOVE THREE MILES
Will be Near Discovery
Well; Whole Town
To Be Shifted.

BAKERSFIELD, Sept. 4.—It is reported here that the proposed new Lost Hills townsite will be located about three and a half miles west of the present town. It will be on section 31-24-21, the Discovery well being on section 30. Section 31 is a railroad section but it is not given out as yet whether the new town will be started by the railroad or by private capital. One of the purchasers of lots at Lost Hills stated that in the event the new town was laid out, nearly if not all of the property holders would move to the new town, which could be done, it is said, with comparatively little cost.

Lost Hills operators are looking forward to the advent of railroad facilities to handle the production of their wells. It is even stated that development work will be held back to certain extent until the operators are assured of transportation for their product. The Universal Oil Company (Chester Campher) bought in two new wells recently, but they are still shut off, awaiting such time as the company has facilities at hand to handle the oil. The associated pipe line now being built into Lost Hills will be completed at an early date and it is expected this line will soon be drawing the first of the Lost Hills oil to the main Associated line for use on the coast. Owing to the high gravity of the Lost Hills production it is known there will be great demand for it.

WILL SUE TO RECOVER CALIFORNIA OIL LAND

U. S. to Institute Suit Soon,
Says Land Grant
Expert

PORTLAND, Ore., Sept. 4.—B. D. Townsend, land grant expert and special assistant to the attorney-general, announced today that within a few weeks suit will be instituted in California by the United States against the Southern Pacific Railroad Company and the Kern, Trevelyan and Oil Company for the recovery of between 100,000 and 150,000 acres of California oil lands, estimated to exceed in value \$400,000,000.

Townsend has just concluded a three-day conference here with Messrs. Dezenford and Helm, chiefs of the field division of the general land office at San Francisco and Los Angeles respectively.

The proposed suit is a step in the announced policy of President Taft to recover for the government all lands alleged to be illegally held by corporations and private interests, and at the same time devise some general plan for the development of such properties as the government may succeed in securing the reposition of.

Although Townsend would not discuss the proposed suit in detail, he admitted that the conference was held for the purpose of perfecting plans for obtaining necessary information to enable the government to institute suit to secure a decree adjudging that the railroad company has no legal title to the properties and that the lands are still part of the public domain.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

A full—double bed size—hemmed ready for use—

\$1.50 Nottingham Curtains \$1.13

A beautiful line of white and ecru lace curtains, 2 1-2 to 3 yards long by 45 inches wide—

Many very pretty designs to choose from including the very newest effects.

25c Black Cotton Hose 17c

A good fast black hose with double heels and toes—

Absolutely reliable and fully guaranteed—

Women's Black Lisle Hose 33c

A good black lisle hose with double top and reinforced heels and toes—guaranteed to be stainless and fast black—

50c For Black Silk Hosiery

We are placing on sale today a complete assortment of all black silk hose at this very unusual price—

They are thoroughly reliable—have fine lisle tops—heels and toes—

They would be a splendid value at \$1.00—you can have your choice at the above special price—

Every day we are receiving by express new Fall Suits, Dresses, Coats and the latest in millinery.

A strong, modern bank

Efficiently conducted, not only in the interests of its stockholders, but of its depositors and patrons as well;

With officials well known and trusted in this community;

With capital, surplus and undivided profits of \$200,000.00 and total resources of \$1,000,000.00

The Union National Bank of Fresno offers to firms, corporations and individuals the best banking service, and its officers ask a personal interview with those contemplating changing accounts or opening new ones.

The Union National Bank of Fresno

Capital, \$150,000.00 Surplus and Profits, \$50,000.00
Resources over \$1,000,000.00

What Every Woman Should be Glad to Know

EGYPTIAN STYLES IN MILLINERY

The Skyscraper Hat and Pierrot Cap Have First Place
In the Fall Fashions This Year.

MILADY'S HAT AND SHOPPING BAG MUST MATCH.

JUDGING from the advanced display of millinery, it looks as if we are in for another spell of eccentric headgear. Exaggeration is the note that has been struck pretty hard for the last two or three seasons, and there are those among us who would go a step further and call it a reign of caricature. Most of the modes of the moment are strange, striking, wonderful, audacious, but many are charming. Still, those that are "pretty" and "becoming" are hardly in the majority; and when it comes to the question of the general appearance of a crowd of women the result is grotesque, and even in the smartest places the eccentricity of the dress of the day makes a woman of quiet and refined taste recoil rather painfully, particularly in the matter of hats.

At the beginning of each season there is a popular model that for a few weeks carries all before it. This season the "object all sublime" is the skyscraper. It is a hat that is quite forty-two stories high, but it does not go up twenty-two inches in the air—that is, the trimming reaches this giddy millinery height. There is very little brim to this model, but very much altitude in the way of wings, ribbon loops and stiff eared velvet bows. This hat will be taken up by the multitude and never even tolerated by the best gownned women.

Small shapes are likely to win out in the fashion race, and perhaps the most striking among them have high round or pointed crowns with narrow rolling brims. The trimming used on these shapes is a fancy feathered arrangement placed directly in front, or the entire crown may be formed of small wings placed in an upright position. By the way, trimmed crowns are going to be prominent features of the best hats, and marabou combined with ostrich feathers is a favorite expression of this vogue. The greatest

novelty is the tail of the gourd, which is taking the place of the taboed albatross.

The newest trimming, though, is found in bands of colored embroidery done in worsteds and chenille, with metal or silk threads interwoven. These worsted designs are not confined to trimming bands, for a charming

French model in semitailored effect has its velvet brim outlined with worsted designs.

Pringe that has been so popular as a revived style on gowns now appears on millinery. It is applied in narrow rows about the tall conical crowns of medium sized hats, while on the picture models it hangs in lamp shade

fashion around the edge of the brim—a fine outlook for the oculist if this dangling adornment reaches an extreme vogue.

The coloring most observed in the new millinery is coronation red, mustard or old gold and emerald green, with conservative browns and black and white effects well in evidence.

The tiny close fitting cap will be worn for evening wear and the moderately large picture hat for dressy afternoon and restaurant use. Ribbons usually take first place in trimmings, and on a number of models they are arranged to simulate wings or are used in conjunction with the feathered variety.

One of the hats—a French creation—seen among the cuts gives a good idea of the use of a cabochon made of feathers that will figure in fall millinery. The hat is of black flexible felt and the feathered band in shades of gray and coral. The long wing at the back is black.

The brilliant Egyptian turban is an autumn style that has many of the earmarks of the summer model. The new feature, however, is the drapery of contrasting material. If the turban is of silk, the drape, or what should be a brim, is of velvet, or vice versa. In this case the turban is of seal brown better's plush, with a turned back brim of moiré silk and at one side a knot of dull gilt braid. The sharply turned back brim gives a new touch, and the little curl straying down behind the ear is a coquettish fancy added by some women.

A smart fancy is to have the small hat and huge hand bag match. And some of the smart little helmet hats that will be worn with tailored suits are accompanied by these hand bags. The hat pictured in the center of the group has a reticule of gold colored velvet, braided with fine white soutache, a heavier soutache being worked into a bolder pattern over this ground.

And let me whisper in your ear, my sisters—the fall millinery is smart, but not becoming, and to wear a difficult vogue in triumph does not always mean that the wearer looks her best. Far from it. The aim is to be fashionable, and there will have to be much facial beauty sacrificed to the dictates of fashion.

CATHERINE TALBOT.

GOOD THINGS TO EAT

A NICE way to use cold roast lamb is to season it with peas and mayonnaise. Drain a can of peas and if they have a slightly "dippy" flavor rinse them in cold water. If this is quickly done they will not be water soaked nor injured in the least, but improved very much. Have ready a cupful of stiff mayonnaise and arrange it with the peas as a garnish to the lamb, which should be cut in very thin slices of uniform size.

Rice puffs are wonderfully good. Place a pint of cold boiled rice, a cup of sweet milk, three beaten eggs, a tablespoonful of sugar, a teaspoonful of baking powder and a pinch of salt into a mixing dish. Stir together, then add enough flour to make a batter. Drop spoonfuls of the rice mixture into hot fat, fry brown and drain on cloth to remove all possible grease. Dust with powdered sugar and serve hot. These make a delicious luncheon course.

For brandy peaches use large free-stone peaches, either white or yellow.

but not too ripe. Scald with boiling water and allow them to stand uncovered until the water is chilled. Scald a second time in the same way. Remove the peaches and place them on an absorbent cloth to dry, put the fruit in stone jars and cover with brandy. Cover the jars with paper and let them remain a week. Make a sirup of one pound of granulated sugar and a half pint of water to each pound of peaches and cook until tender. Remove the peaches, drain and place in glass jars. Set the sirup to cool, mix with equal parts of the brandy used for the peaches, pour over them in the jars and seal.

Broiled bluefish is very popular at this time of the year and is never better than when served with the following hodgepodge as an accompaniment: Cook a cupful of rice in a quart of boiling water until tender, then stir in a quart can of tomatoes or a quart of fresh ones, add three or four little onions and one or two peppers cut in dice and fried in butter. Season well with salt and pepper and cook until thick.

WHITENING PASTE FOR RED HANDS

IT happens sometimes that just when one desires to have the hands look their best they grow red and ugly. It is always well to have something at hand that can be quickly applied by which the redness of the hands can be temporarily hidden. An excellent paste for this purpose may be made by mixing the following ingredients: Three and one-half ounces of oil of almonds, one and one-half ounces of lanolin, one ounce each of white wax and spermaceti, one ounce of sublimate of bismuth and one-eighth of an ounce of oil of bitter almonds.

Melt the spermaceti and wax over a water bath, then add the lanolin and oil of almonds, remove from the bath, add the bitter almonds and when the oils are well blended sift the sublimate of bismuth into the oils, constantly stirring until smooth and creamy. This cream is too stringily white to be used on the face, but may be applied to the hands and arms whenever occasion demands with the most gratifying results. It is always best to make the application after washing the hands and arms well with soap and tepid water.

NEXT YEAR'S GARDEN

ROSE COVERED ARBOR AND PERGOLA.

PERHAPS during the past summer you have felt the need of an arbor in the garden fitted with a few chairs and a table—a place, in short, where you could invite your soul on a hot day or in which you could beat a retreat with a favorite book. If you have enough ground about your home, why not build such an arbor with a pergola leading to it? It may be of simple structure, but it should be substantial, and the more rustic in appearance the better when it becomes well furnished with growth. In its decoration annuals as well as perennial things may be used. Rambling roses, honeysuckle, clematis of all kinds and Virginia creeper, Japanese variegated hops and climbing nasturtiums are a few of the suitable plants. That most of these remain dormant during the winter is no drawback, as the chief use of the pergola is to provide shelter from sunshine in summer.

SMART AUTUMN COSTUME

COAT DRESS FOR COOL DAYS.

POISON IVY CURES

TO guard against this poison is to learn it before you touch it. The test of this plant and that of the Virginia creeper closely resemble each other in the number of leaves. The poison ivy has only three leaves, while the other has five.

The first symptom of the ivy poison appears in clusters of minute pimples, changing the next day to blisters, with intense itching and surrounded with vivid red, lasting from five to ten days.

Washing the parts with a great deal of cheap laundry soap is often beneficial. Soda and water or lime-water relieve. It protects the surface and prevents itching.

Poisoned wounds from stings and bites from bees and bugs are slight injuries unless irritating substances are carried in with the bite. When the skin around the bite turns black and blue or has small blisters call a doctor. Apply cold compresses and zinc ointment for the alleviation of the trouble.

YOUR PET DOG.

All the world may read what beauty doctors advertise that they can do for man and woman. In Paris the dog also is looked after. A veterinary surgeon there sends out a prospectus in which the following list of charges is drawn up:

Attention of the shape of the muzzle, 50 francs.
Insertion of wrinkles on the face of a bulldog, 80 francs.
Change of the size of the tail, 20 francs.
Removal of superfluous hair, 5 francs an hour.
Change of the color of the skin, 20 francs.

SEA FOAM CANDY.

A home-made candy that "melts in your mouth" is sea foam. It is not hard to make, nor is it expensive.

For sea foam candy cook three cupfuls of light brown sugar, a cupful of water and a tablespoonful of vinegar until the sirup forms a hard ball when dropped into cold water. Pour it slowly over the stiffly beaten whites of two eggs, beating continually until the candy is stiff enough to hold its shape. Then work in half a cupful of chopped nuts and half a teaspoonful of vanilla. Drop in small pieces on waxed paper.

AN INEXPENSIVE AMUSEMENT.

"Did you ever," said Belinda, "try standing on your head? It can be done, if the cents are not worn. They can most easily be made to stand on blinzing paper, but they will stand on a smooth, polished table. Try it some time when other amusements flag."

What to Do When Servants Are Always Leaving

GIVE up blaming the servants and try and find out the real reason why they won't stay. It is more likely to be the fault of the place than of the maids when one after another give notice "that they're going." Domestic rarely explain why they are leaving. A sort of delicacy bids them make the excuse that "mother is ill" or they have a chance of "bettering themselves."

Perhaps you are too easy going. Many mistresses think it is kind to let their maids get into slack habits. They imagine that they like a loose rein. But strange to say, they don't. They prefer to be kept within bounds and up to the mark. Maggie realizes that the mistress who is always saying "That will do" and "Never mind" and puts up with anything is ruining her for another place.

Besides, the easy going mistress usually indulges in temporary fits of discipline. She lets things take care of themselves up to a certain point; then suddenly she realizes the pitch they are going and reaction comes for a few days and military discipline prevails. It is during this time that Maggie gives notice to leave, the violent change having been too much for her.

On the other hand, you may expect too much of Maggie. It is perfectly natural that you should want your house beautifully kept, but you must remember that there is a limit to the amount of work one pair of hands can do. Maggie can't be cool and up stairs girl in one.

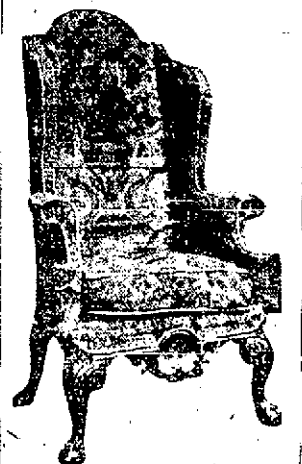

Perhaps you are thoughtless about Maggie's "evening out" and change the day continually. That is very trying to a girl whose young man possibly is free only on one night. You might just as well ask the Browns another night to dinner and let Maggie have her Wednesday.

A mistress who occasionally takes care that her maid has an hour off is a mistress who finds it easy to keep servants. There is much thoughtless ringing of bells, many unnecessary demands made upon the maid for outside work when Maggie would appreciate a little time to herself.

A Few Up to the Minute Furnishings

THE OLD FURNITURE FAD. BREATHES there a woman with artistic soul so dead that she can pass by without purchasing authentic old furniture—that is, if she has the price?

The search for antique household furniture has been going on for so long

WILLIAM AND MARY CHAIR.

a time that the field has been pretty well thrashed over, but the reproduced models of today are splendid imitations hard to detect in many instances from the real thing.

The William and Mary chair is a fine specimen of the reproduced antique and a comfort to own and place in the living room.

FOR WASHING TILES.

If tiling is soiled try washing it with skim milk. It keeps the luster much better than soap.

BIRTHDAY GIFTS FOR MEN. WOMEN find it hard to know what to give even the men of their own family for birthday and Christmas.

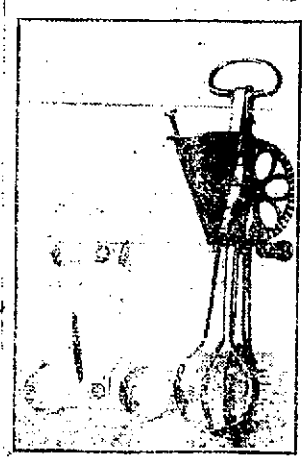

SILVER PLATED SHAVING STAND.

Gifts—that is, something that they will really like and use.

Pictured is a shaving set that is sure to meet with approval. The stand is made of white porcelain overlaid with silver deposit. The shaving mirror has a silver plated standard. For particular linchpins there are dresser and bathroom fittings in this new silver deposit ware that are most attractive.

THE NEW MAYONNAISE MIXER. THERE is no excuse for poor mayonnaise dressing if the sauce is made in one of the new mayonnaise mixers, which literally takes all responsibility from the cook's shoulders.

MAYONNAISE MIXER AND MEASURING CUPS.

proved sort. In the measuring device are cups of just the right size for the appropriate amount of salt, mustard, vinegar and powdered sugar. When these have been blended with the yolk of a raw egg the oil is poured into the funnel attached to the beater and is delivered drop by drop into the mayonnaise. Of course, every good housewife knows that vinegar should not be allowed to touch a mayonnaise dressing until the very last moment, and then only a very little should be added. This convenience is not expensive and soon pays for itself in the saving of ingredients lost in the making.

Flower Luncheons Are Smart And Up to Date

A VERY pleasing arrangement is small tables, seating four guests. The round table is always the more cozy and attractive in appearance. Cover with the finest white damask and plain eggshell china. The silver should be your choicest and not too massive. Each table has a different flower, white roses for one, forget-me-nots at another, valley lilies, poppies, pink geraniums, gardenias, nasturtiums of a golden hue, and so on, as individual taste dictates. The long stemmed blossoms should be arranged in tall vases of clear glass, the low rambling blooms in broad, rather flat bowls, also of clear glass, so that one may enjoy the beautiful effect of green stems and leaves in the water. Arrange them loosely and with an artistic carelessness. Studied effects in flowers are very inharmonious. Each guest as she arrives is presented with a flower, by which she later finds her place, choosing the table which has the same blossom. If one has nice grounds the tables can be set among the trees and vines with a beautiful effect, either during the day or lighted with soft colored lanterns, equally pleasing in the evening. A hidden orchestra should play selections from "Rosa Mundi," "Oh, Ye Lilacs," "The Palms" and others having flower titles. The hostess might also wear a gown of old time flower sprinkled mull, with a row in her hair, as in yore old time. If guests are in order the prizes should be old style Dolly Varden baskets, filled to overflowing with daisy, freshly plucked blossoms.

There is no more beautiful, refreshing entertainment than this to offer one's friends, who are often surprised with balls, teas and stiffly formal functions, and the heart turns with grateful gratitude to flowers and greenery, typical of all that is pure, sweetest and best in life.

THE SUFFRAGETTE EARRING.

The particular style dubbed suffragette is a carefully selected baroque pearl, irregular shape, without any visible setting.

KILBANE PUTS JOE RIVERS TO SLEEP IN 16TH ROUND AT VERNON ARENA

George Hackenschmidt Makes Poor Showing Against Iowa Farmer; Unable to Sleep, "Lion" Enters Ring a Beaten Man, Like Jeffries at Reno.

FACTS OF CHAMPIONSHIP MATCH:
Winner—Frank A. Gotch of Humboldt, Iowa, champion of the world.
Loser—George Hackenschmidt of Dorpat, Russia, European champion.
First fall—Gotch pinned Hackenschmidt with a toe hold. Time 5:32 1-5.
Total wrestling time 19:50 2-5.
Attendance \$2,000 (estimated).
Total receipts \$47,053.
Gotch's share, \$21,000 and 50 per cent of moving picture profits.
Hackenschmidt's share, \$13,500.
Jack Curley, Hackenschmidt's manager, received \$29,957 as his share.
Empire Athletic Club's share, \$4,250.
Expenses, \$16,500.
Referee Edward W. Smith, Chicago.
Timekeeper, Walter H. Eckersall, Chicago.

(CHICAGO, Sept. 4.—) The geographical center of the wrestling world was more than ever fortified at Humboldt, Iowa, the home of Frank Gotch, today. Moreover, referee Edward W. Smith, who presided over the world's championship bout between George Hackenschmidt and Frank Gotch, declared that for the next ten years there would be no shift from the wrestling capital, unless Gotch should choose to change his place of residence.

The Russian's showing was pitiful. The crowd, which had been told that the defeated challenger, through copious tears, averred that he had entered the arena with a wrenched knee, on which Gotch worked and speedily reduced him to an almost helpless state.

In any event, it is certain that the foreigner's knees were on edge. He spent a sleepless night and was pale when he crawled through the ropes. Dr. J. J. Davis, who examined both wrestlers before they went to the mat, declared that while there might be something wrong with Hackenschmidt's knee, it was not evident during the examination.

While it took Gotch 14 minutes and 18 1/2 seconds to gain the first fall, the second fall required only five minutes and 32 1/2 seconds, which Hackenschmidt's friends assert, proves that his knee was in bad condition.

GOTCH'S FIRST FALL.
Referee Smith is authority for the statement that when Gotch secured the first fall, Hackenschmidt cried out: "Don't hurt my leg," and a second later, "Don't break my leg," and fell with his shoulders to the mat, frothing at the mouth.

The first fall resulted from a reverse body hold after the men had struggled 14 1/2 minutes. That terrible toe hold, for which Gotch is famous, was responsible for the second fall. He clamped it upon the left foot of Hackenschmidt and ended the second fall in 5:32 1-5. Gotch had obtained the grip when Hackenschmidt acknowledged defeat with his shoulders.

Hackenschmidt's own statement, that it was the easiest world's championship ever won, tells the story of the bout. Gotch never was in serious difficulty at any time during the match. Neither was he forced to extend himself to win. The Iowa got in all half a dozen dangerous holds on his antagonist. Hackenschmidt had Gotch worried but once. During the first bout, Hackenschmidt obtained a body hold on Gotch, but the latter was so quick to get up that the hold was on the canvas for only a few seconds. Then he was only down as far as his knees. Almost before the "lion" realized his opponent was in a dangerous predicament, Gotch had wriggled out of the hold and was bounding across the mat to safety.

HACK'S KNEE BANGED.
For his defeat Hackenschmidt offers but one excuse, that his left knee, which was injured in training two weeks ago, weakened under the pressure of the iron hands of Gotch and it was useless to continue at the risk of being permanently injured. Hackenschmidt went into the ring with the knee in a bandage.

But regardless of whether Hackenschmidt's knee was in bad shape, he was in no state mentally to enter the contest. Hackenschmidt was unnerved before he entered the arena. Whether it was from his injured knee or from his fretting over the match is not known. Like Jeffries at Reno, the Russian spent a sleepless night before the battle. His trainers tried every means to make him at ease. They had him room with Johann Koch, a German, and one of Koch's chief duties was to sing songs of the fatherland to the Russian and try to make him feel at ease, but Hackenschmidt would not be calmed.

GOES WITHOUT SLEEP.
After trying vainly for several hours to go to sleep, he pleaded with his trainers to give him drugs to enable him to make his rest. They refused to do this and Hackenschmidt retired to fret the night away.

In the minds of the vast crowd that saw the match there was no doubt as to which was the better wrestler. Gotch outpointed, outgeneraled and outgamed his opponent. The Iowa appeared to be faster than he ever had before. His condition was a fact. He entered the ring filled with confidence and never once did he lose his coolness. At every stage of the bout he smiled as though he never had the slightest doubt as to the outcome.

On the other hand, Hackenschmidt seemed ill at ease. During the first fall, he went about his work with his face set and anything but the glint of confidence in his eye. After Gotch had gained the first fall, the courage of the Russian appeared to have oozed out of him. With shoulders slumped and eyes downcast, he sat in his corner waiting the starting signal.

WIFE WATCHES GOTCH.
Up in a box in the center of the grandstand sat two women who did more, perhaps, to cheer Gotch on to victory than all the persons in the audience. They were his mother and his bride. Frequently, while in the thickest of the fray, Gotch found time to look toward the two women and smile. During the ten minutes intermission between falls, he did not go at once to his dressing room, but stood for a moment in his corner, smiling and waving at the two women.

Hackenschmidt was heartbroken over the result. In his dressing room for half an hour he put in his wrestling garb, crying and cursing and profanity, and his wife and cheering words of his trainers.

"Go away," he said to all of them. "Leave me alone."

And then his brand chest would heave and the tears would flow unrestrained from his eyes.

League Leaders Sign Hard Hitting Catcher of the Hanford Braves

HANFORD, Sept. 4.—Captain Sidney Jell of the Hanford baseball team—the Braves—left last night for Spokane, Wash., where he reports to Manager Bob Brown of the Vancouver team, of the Northwest League, after holding out against numerous threats of backsliding all the season in order to remain with the Hanford team.

Jell has played excellent ball during fifteen months' residence in Hanford, has improved the Braves to a point where they are about as good as the best team in the valley, and as a catcher and slugger he has no equal in the league. He has played twenty-four games with Hanford this season and has a batting average of .470. He has been an aggressive manager and consequently has his enemies, but he also has many friends and they wish him success in the Northwestern League.

Jell was pale and evidently in a nervous state, following his sleepless night. He examined one of Jell's legs, which was reported to be about out of condition, and found no apparent defect.

Gotch pined outside the arena for an army of cameramen and then climbed through the ropes in the southwest corner, which had been draped with a silken American flag.

Gotch in a blue bathing suit, faced the audience with a grin all over his face. He then sat with his back to the audience, exposing a four-inch spot. The time was called at 8:15 o'clock. The crowd roared and the referee, who was sitting on a stool, drew with a silken American flag.

William Larned Wins Title for Fifth Successive Time in the East

NEWPORT, R. I., Sept. 4.—William A. Larned of Summit, N. J., is national lawn tennis champion for another year. This resulted today from Larned's decisive victory over Maurice F. McLoughlin of San Francisco, the young player who on Saturday last won the right to challenge the champion by defeating former champion H. C. Wright of Boston, in the final round of the all-america tournament. The scores today were: 6-4, 6-1, 6-2.

This is the fifth successive year that Larned has won the championship and the seventh time in the score of years that he has been a prominent figure in the courts. He has won two championship trophies and now has one leg in a third cup.

Larned made the pace from the start. After McLoughlin had taken the first game, the champion began a dashing drive, driving McLoughlin back from the net to the base line where the Californian seemed unable to get back his stroke, netting many times.

Served more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

William Larned Wins Title for Fifth Successive Time in the East

NEWPORT, R. I., Sept. 4.—William A. Larned of Summit, N. J., is national lawn tennis champion for another year. This resulted today from Larned's decisive victory over Maurice F. McLoughlin of San Francisco, the young player who on Saturday last won the right to challenge the champion by defeating former champion H. C. Wright of Boston, in the final round of the all-america tournament. The scores today were: 6-4, 6-1, 6-2.

This is the fifth successive year that Larned has won the championship and the seventh time in the score of years that he has been a prominent figure in the courts. He has won two championship trophies and now has one leg in a third cup.

Larned made the pace from the start. After McLoughlin had taken the first game, the champion began a dashing drive, driving McLoughlin back from the net to the base line where the Californian seemed unable to get back his stroke, netting many times.

Served more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

First set—Larned.....444 424 142 4—53—6
McLoughlin.....601 052 214 1—25—4
Second set—Larned.....014 154 016 4—32—0
McLoughlin.....429 430 428 1—28—4
Third set—Larned.....349 645 14—26—6
McLoughlin.....517 145 40—25—2

Larned's mastery was manifest in the strength of his strokes and his accurate placements, while McLoughlin's return of the bullet-like strokes of his opponent was weak. The challenger made more than twice as many aces as he scored cuts, although in the first set he scored six service aces. The points were as follows:

Little Mexican Has Best of Bout for Fifteen Rounds; Grows Over-Confident and Easterner Wins; Rivers 2 to 1 Favorite in the Betting

LOS ANGELES, Sept. 4.—Loosing a right hand, which was here suspected he possessed, Johnny Kilbane of Cleveland sprang a sensation on fight followers today by knocking out Joe Rivers of Los Angeles in the sixteenth round of their scheduled twenty round gas at Vernon arena. This was the Cleveland boy's second chance to put the Mexican out of the running for Alvin's title and he did it in decisive style.

With Rivers leading in almost every round up to the last, Kilbane landed his right on the Mexican's jaw thirty seconds after the going had sent them together. The punch dazed Rivers but did not knock him down. Another terrific right to the pit of the stomach doubled the Mexican in a knot on the floor for the count of nine. Rising groggily to his feet, Rivers tried gamely to rush into a clinch but Kilbane was too good a ring general and a well directed right cross sent the defeated man sprawling to the canvas. It was fully five minutes before Rivers was able to leave the ring.

The finish was a sensation formation to a wonderful fight. Like a tiger after his great victory, Kilbane flung himself at Rivers round after round, with Johnny fighting back most of the time, but all the time running away. Rivers led slightly in the first five rounds. He established a big lead in the next four but in the tenth, eleventh and twelfth the Cleveland boy held him about even.

Rivers' best rounds were the thirteenth, fourteenth and fifteenth and many ringleaders were made at this point that Kilbane would not last the time.

Although Rivers won the decision when last they met two months ago, Kilbane took his victory today as a matter of course. When he had dressed he made his way through a hole in the fence to the back of the arena to the crowd and was making ready to

beat Sacramento in a night inning which he expected to win after the score had been tied up since the third inning when each team put a man across the pan. The final score was 3 to 2. Sacramento made an effort to tie the tally sheet in the second half of the first half, but was able to put over only one man on two hits. Thornton's wildness in the final brought about his defeat. He issued a pass each to Hops and Stinson. Burrell followed with a single and Ryan, who had pitched the ball for a double, which placed two men over the plate.

In the second of the ninth Mahoney and Lewis singled, advanced on fielders' choice and were scored on a long fly by Thomas. The score:

BUSHERS TRY WRESTLING.
HALT LAKE CITY, Sept. 4.—William Dometal, the heavy weight Greek wrestler, was here today from Kansas. He was a Turk in straight falls, head and scissor and double ankle hold and the Turk after one hour and two minutes exciting work. The two minutes and 55 seconds brought the second fall, a head and scissor clutch.

OUTFIELDER HOFFMAN OF OAKLAND IS FIRED BY GRAHAM

SAN FRANCISCO, Sept. 4.—Lacy Hoffman, outfielder of the Oakland team of the Coast League, was suspended indefinitely last night as punishment for his threatened attack on Empire Finney yesterday. The altercation was witnessed by President Graham of the league.

Angered by being called out at first base, Hoffman approached Finney and made a motion as if to strike him. Wares, Oakland's shortstop, seized Hoffman by the arm.

Taft and Bakersfield to Bowl for Wager of \$500

BAKERSFIELD, Sept. 4.—Captain Mickey Schultz of the Taft bowling team, was in town today to arrange a match with Captain Mitchell of the Coliseum for \$500 a side. Schultz's team has beaten the Bakersfield five on several occasions but in the last few series the home boys have gained the upper hand. Mitchell's team put Schultz in a bad way. He has been off for the last few days and Schultz intends to import several players for the big match.

R. T. C. Wins \$10,000 Purse for Trotters at Hartford

HARTFORD, Conn., Sept. 4.—The opening day of the connection with the annual state fair with the historic American Trotting Club at the feature. It was won by R. T. C., driven by Murphy, in straight heats.

The division of the purse gives R. T. C. \$2,500, Murphy \$1,000, Gordon \$500, and Louis \$500.

The winning of a Charter Oak today by R. T. C., brings the winnings of the R. T. C. stable for the season up to nearly \$10,000.

RESULTS:
Charter Oak, 2:14, trot, purse \$10,000.
R. T. C., h. a., won in straight heats. Best time 2:14. Chatter, third, h. a., second; Gordon Todd, h. a., third; Louis \$1,000.

NEW AEROPLANE RECORD.
PARAKEE, France, Sept. 1. Roland G. Garros, the French aviator, today broke the world's record for altitude in an aeroplane. He ascended 4,250 metres (13,943 feet).

ANACONDA RACES.
First race, five furlongs—Eastman, 6 to 1. (Hopkins) won; Penang, 7 to 1. (Frach) second; Percy Henderson, 12 to 1. (Buxton) third. Time, 1:03 1-5. Heatyette, 10 to 1. (Leigh), Golden Blower and Chang also ran.
Second race, five furlongs, selling—Little Elva, 20 to 1. (Keders) won; Royal Stone, 5 to 5. (Crows) second; Placide, 5 to 1. (Menden) third. Time, 1:02 2-5. Stendal, Menden, Tramator, Lady Adelaide, Copperfield and Warfar also ran.
Third race, mile and one-eighth, selling—Delena, 11 to 6. (Hopkins) won; Whidden, 4 to 1. (Keders) second; Zahra, 15 to 5. (Cavanaugh) third. Time, 1:51 1

Dutch Leonard and Tigers Wallop Bittels

LEONARD AND "CO." VILLAGERS REGAIN LEAD IN COAST LEAGUE

Tigers' Prize Flinger Gets Home Run and G. Maul Repeats the Trick.

TIGERS, 8; BITTELS, 0.

Dutch Leonard and eight other Tigers gave Bill Bittels the beating of the season at Huntington Park yesterday. Twelve hundred fans, the largest crowd of the year, saw two home runs, two doubles and six singles made off the portable delivery of Massow. Pitcher Leonard and George Maul of the Tigers registered the homers. Cartwright obtained the only extra base slam for the Bittels. Leonard struck out thirteen and Massow sent twelve to the bench by the strikeout route.

The stars in the hitting department were Dutch Leonard, Ned Smith, George Maul and Stanley Cartwright. The Tigers' prize flinger garnered a home run and a two-bagger in four trips to the plate. Ned Smith beat out two infield tups. Cartwright grabbed a double and a single and Maul lifted the ball out of the lot with Klein and Earl Preston on the sacks. Leonard made his homer in the third with the bases empty. Maul hit the ball over the centerfield fence and Leonard's poke cleared the right field wall.

The Bittels made three double plays while the Tigers recorded one. Ned Smith's fielding in left and at second base featured aside from the two home runs. Pitcher Leonard of the Tigers virtually won his own game with a four-outing knock in the third. The ball cleared the right field fence by twenty feet. The game was played in connection with the Labor Day celebration.

The score:

Wolgast and McFarland Will Meet on September 15th.

(By Oscar H. Morris.)

MILWAUKEE, Sept. 5.—It is not very often that the average follower of the boxing game has an opportunity of witnessing a ring contest in a building valued at \$500,000; also it is not very often that a handsome structure which is partly owned by a municipality is utilized for the game of hit and step away.

However, boxing fans from all parts of the country who will come to Milwaukee to witness the contest between Champion Ad Wolgast and Paddy McFarland, will have the distinction of occupying seats in a building where ex-President Roosevelt addressed a throng of 10,000; where the National Dairy Show was held, where a chorus of 2,400 singers rent the air with their voices, and where James J. Jeffries, while a champion, gave an exhibition. That building where McFarland and Wolgast will box on September 15 is the Milwaukee Auditorium—the largest building of its kind in the state of Wisconsin.

It was built with the hope that some day in the near future there would be held in it a Democratic or Republican national convention. It was built to accommodate large gatherings and conventions. It is located in the downtown district—a half dozen blocks from principal streets of the city.

And that structure which cost a trifle over a half million dollars—is expected to be the scene of cheering also some sorrow on the night of September 15. The followers of that contest will cheer and applaud their champion and do it with as much ease and sincerity as if the fight were held in a barn in the outskirts of the city.

It should be made known that the Milwaukee Auditorium has been in existence only a few years and was built with \$225,000 which was furnished by the city of Milwaukee. The city sold its claim to a part ownership of the structure. The other \$225,000 was raised by popular subscription.

Throughout the country there are numerous buildings and places where boxing contests are conducted but it is doubtful if any promoter of that sport in this country can boast of housing the fans as well as the city which staged the bout here this month.

The accompanying pictures show the Auditorium—exterior and interior. The cross shows where the elevated ring will be located.

Around the ring will be opera seats and in addition there are thousands of seats in the gallery, on the stage and boxes running alongside the entire four sides of the interior of the building.

Some high prices have been paid for seats at boxing matches, but at the Milwaukee-Wolgast contest \$10 is the highest price charged. And you can bet that every seat will be taken. In fact the progress of seat sale, which has been in progress only a short time, is evidence that the house will be sold out.

It is expected that about 10,000 persons will witness the contest and according to the figures of the promoters, the receipts will be about \$15,000.

FORMER COALINGA BOY LOSES 6-ROUND BOUT TO LEO KELLY

ST. LOUIS, Sept. 4.—Leo Kelly, a local amateur lightweight boxer, and Tommy Foley, who claims the Canadian lightweight championship, fought six grueling rounds here tonight before the members of the Mozart Society. Popular decision gave the bout to Kelly, who drew blood from his opponent in the fourth round and all but knocked him out as the gong put a stop to the fight in the sixth.

NEW YORK FIREMAN HAS \$10,000; BREAKS WESTON'S WALK

SAN FRANCISCO, Sept. 4.—Seventy-nine walking days from New York from where he started May 5 to lower Edward Weston's record, the conqueror of the world, John Henry Weston, a member of New York City's fire department, arrived last night in Oakland, practically completing his task and winning the \$10,000 prize contributed by as many thousand members of New York's fire department, each of whom paid a dollar to the fund.

Mooney bears credit for the feat, for the mayor of the city through which he passed, he said he suffered no ill effects from his long tramp. Weston's record was 105 days.

JEFFRIES IN WILDS OF ALASKA; HIS WIFE ILL IN SOUTH

SEWARD, Alaska, Sept. 4.—Fred Jefferies, one of the best guides in this part of Alaska, left on a special train today to follow the trail of James Jeffries, the pugilist and his brother John, who are hunting bear on Kenai peninsula, and carry word to them of the serious illness of Mrs. Jeffries, who is at Los Angeles. The first heard of the Jeffries party was when they were hunting on Kelley river near Kenai village. A telegram for Jeffries was received last night and the guide started out today to deliver it.

NOTICE TO CONTRACTORS.
Pursuant to an order of the Board of Supervisors, Fresno County, California, duly made and entered on the 11th day of August, 1911, notice is hereby given that sealed bids will be received up to and not later than the hour of twelve o'clock noon, October 2nd, 1911, for the paving of the west half of "21" street from a point 20 feet north of the north line of Tulare street to a point 30 feet south of the south line of Fresno street.

PHILADELPHIA, Sept. 4.—Washington broke even with Philadelphia today, winning the first game, 10-9, in the afternoon. The visitors scored all their runs in the third and fourth innings. The score:

TWENTY THOUSAND SEALS POUND PILL DOLLAR BEAUTY HIT HARD IN SECOND GAME IN SOUTH

Benny Henderson Fails to Stop Oaks in Game at Oakland

OAKLAND, Sept. 4.—Oakland went tearing after the Heavens' \$20,000 beauty, Benny Henderson, in the morning game at Freeman Park, and right off the reel trouble came to Henderson.

When Oakland was not clouting his curves to all corners, his shots and slams for but five hits, one of which was a homer over the right field fence for a homer by Buddy Ryan. The score:

BLAZE, FANNED BY STRONG BREEZE, IS MENACE TO HOMES

Firemen Have Hard Work to Check Flames in the Residence Section.

LOSS IS THOUSANDS

False Alarm From A Street Hampers Work of Firemen.

Fire starting from a small shed in the rear of the home of Ralph Hague, who resides in the two block on San Pablo avenue, last night destroyed several sheds, a two story barn filled with hay, a shed across the alley from the Hague residence, damaged two houses on Glen avenue and destroyed the hay barn owned by R. M. Hague. The fire was started by a spark from a brick which was thrown into the yard for a time. A peculiar coincidence connected with the fire is the fact that although the fire started in the shed owned by Ralph Hague, the sparks were carried to the hay barn owned by his father. The loss of the barn, which was filled with hay, is the heaviest which resulted from the fire. It is roughly estimated that there was about \$50,000 of hay in the barn at the time of the fire. The fire started at a time last night, the entire vicinity was threatened with fire and neighbors were forced to protect their homes from the sparks with garden hose.

Sparks from the hay barn set fire to the home of Dr. J. M. Crawford at 41 Calaveras street, and for a time threatened to destroy it. Dr. Crawford broke through the roof where the fire was burning and saved his home from destruction. Sparks set fire to another house on Merced street, several blocks away from the scene of the fire, but the smaller blaze was extinguished before any serious damage was done.

SEVEN OTHER FIRES. While the firemen were engaged in fighting the fire at the hay barn, seven other fires broke out in the neighborhood, and but for the quick work of the firemen, there would probably have been serious results. The most serious of these fires was a grass fire on a vacant lot, which for a time threatened to destroy two houses.

Because of the fact that the firemen were divided last night in fighting the smaller fires, the blaze in the hay barn gained such headway that the fire fighters were unable to save the barn or its contents. The children's playgrounds on Blackstone avenue, next to the hay barn, was damaged to the extent of about \$200. Several of the swings were destroyed and other small losses resulted. The alarm from the Hague residence was turned in at 8:45. Engine No. 5 and Chemical No. 1 responded to this alarm and hardly had they reached their destination until another alarm was sent in from the scene of the fire. Engine No. 4 responded to this alarm. The fire proved to be of no consequence. At 8:52 the hay barn caught on fire and the alarm was turned in from box 57.

SENDS FALSE ALARM. At 9 o'clock a man called fire headquarters by telephone and stated that he was raging at the corner of A and Ventura streets. Fire wagons were sent on this call but the firemen failed to locate any blaze. It is presumed that the alarm was sent in for the purpose of harping the force of the fire department by dividing the fire fighters and today an attempt will be

WILLING TO TAKE CHANCE AT BIGAMY

Bride-to-Be, With Husband Living, Seeks to Secure Another

Following the refusal of Rev. Harold Goette to marry Miss Purnoy and Charles Goette, because of the fact that she had a husband living, the couple went to Kingsburg last night but failed in their attempt to have the nuptial knot tied. The couple were followed to Kingsburg by a young woman, a member of the Purnoy family, who told Miss Purnoy and Charles Goette, and finally a crowd of persons in the crowd. The couple was taken to police headquarters by the woman from the Mission but Miss Purnoy was turned over to the Mission and Charles Goette was allowed to depart as there is no charge on which to hold him. It is supposed that he returned to Kingsburg and is now residing there.

At police headquarters, Goette remarked that if he was put out of the Mission because of the escape of last night he would immediately join the Salvation Army and do religious work for that organization. The police are unable to account for the strange actions of the man and woman.

DOUBLE FUNERAL

M. McCLAIN HOME
Twelve Year Old Child Will Be Buried Tomorrow With Its Mother.

With the death of Nellie May McClain yesterday afternoon at the family home at 874 Calaveras street, two deaths have occurred in the family in the past few days. Mrs. Elizabeth McClain, mother of the deceased child, died Friday and her body is being held at Stephens and Dean's parlors until the arrival of a daughter from the East. The little girl died yesterday and her body is at the morgue by the side of her mother.

The little girl who died yesterday was 12 years of age and attended the public schools in Fresno. She was a native of Kansas. Her death was unexpected, as she had been ill for some time, but following so close upon the death of her mother it leaves the surviving members of the family in a sad state. Dropsy was the cause of death in both cases.

The mother and daughter are survived by husband and father and other children. A double funeral will be held Wednesday morning at 10 o'clock from Stephens and Dean's chapel. Rev. Harold Goette, pastor of St. Paul's Methodist church, will officiate.

made to locate the party who sent in the false alarm.

BOGUS CHECK PASSERS ARE QUICKLY CAUGHT BY POLICE

Two Men Jailed Twenty Minutes After the Reported Cashing

One of Accused Says He Has Rich Mother Living in Ventura.

Twenty minutes after having passed two alleged forged checks on Clement Zecher and C. L. Walcott, Paul T. Williams and Harry Lamb were arrested yesterday afternoon by police officers. Williams and Lamb, who were arrested and lodged in jail on charges of forgery. The check cashed by Walcott was made for \$20 and the one cashed by Zecher for \$10.

Immediately after cashing the checks, Walcott became suspicious that all was not right and informed Paul T. Williams of his suspicions. The policeman took a description of the two men and called Detective Farnam. Farnam walked up a street and the first man he met was Williams and Lamb. When placed under arrest, Williams had just come in a bank and was about to cash a check. This the officers think was bogus.

Williams informed the arresting officers that if the checks were worthless they were not aware of the fact, as they had cashed them for two and a half years. Williams was unable to describe the source of the money and the officers are of the opinion that there are no such parties.

Williams, who did all the talking for himself and partner, declared that his home was in Ventura county, and his mother, he resides in Pasadena, is worth \$20,000. The names of M. A. Baker and R. M. Pitts were signed to

PINNED IN WRECK; IS RESCUED BY HIS WIFE

Louis Manuel Has Both Legs Pierced by Bolts in a Smash-up

Taking Joyride on Gravel Train; Cars Jump the Track

Pinned between two cars of a wrecked gravel train, both his calves pierced by blunt bolts, Louis Manuel, a well known civil engineer of this city, was yesterday morning rescued through the presence of his wife. A gravel train on which Manuel, his wife and baby and two workmen were taking a joy ride, left the track of a small narrow gauge road near the Santa Fe crossing on the San Joaquin river yesterday morning before dawn. The three cars were pinned in the wreckage, while the mother and child were thrown clear of the smash and were unhurt. Manuel himself to estimate any of his companions. Mrs. Manuel ran to the bank of the river and called to a man who was in a boat near the opposite shore. With his aid, she got the three men free, and a doctor was summoned from Fresno by telephone.

Manuel is the owner of a gravel pit in the river bottom, and for some time has been using a mule to haul a load of small gravel cars up the bank to the level of the Santa Fe tracks. A few days ago he purchased a small motor of the gasoline type, and tested this out by first work with satisfactory results. It made fine speed and he took his family out yesterday to show them that he was the owner of a real railroad, and to give them a ride on the new road. These cars were loaded with gravel and the run up the steep grade started. The locomotive made about ten miles an hour with several tons of gravel dragging behind it. Every one was enjoying the jump until the effect of the small rails and a rough road began to tell, and the whole train suddenly left the track and piled up in a heap on the ground.

Manuel was the most seriously hurt. His legs were caught between two cars. Both calves were punctured through and through by bolts, and his feet very badly crushed. The two workmen with him were caught by the feet under the edge of a car, and it was declared later that only the fact that they were wearing very heavy shoes saved them from broken bones.

The rescue of Manuel was accomplished with difficulty. Chants on the side of the cars had to be removed by the men using unscrewing bolts that held them to the woodwork. He could then be moved from his position.

Dr. Harry J. Graycroft was called by telephone and brought the injured man and his wife and child to Fresno in an automobile. Manuel was taken to St. Paul's hospital. Dr. Graycroft said last night that an operation will be unnecessary.

EXPECT DIFFICULTY IN OPERATION OF NEW VACCINATION LAW

Certificates Must Be on File Soon; Health Board Censor.

Many Expected to Use the "Conscientious Scruple" as Means of Escape

Some difficulty because of the new vaccination law passed at the last session of the legislature is expected by the health board of the schools next week. The law requires that within five days after the school opens, vaccination certificates must be presented, and that any certificate over seven years old shall not count.

This provision is expected to cause some complications, as many pupils who have been vaccinated in recent years have no such certificates, and it will probably be necessary for them to secure such from the physicians who vaccinated them, and can verify dates and other facts from their records.

Furthermore, the law does not limit itself to pupils only. All employees of schools will have to have the certificates or the vaccine treatment. This includes janitors, instructors and everybody regularly in the school.

Going further, the law applies, not to public grade and high schools only, as in the past, but to private schools, colleges and universities as well. The certificates must first be turned in to the health department, and when the health board has passed on them, they are returned to the school department, and finally to the pupils. The certificates must be signed in each case by a physician. This is a far departure from the system that has prevailed in the past, and much more exacting.

The only escape from the operation of this law is that provided in the case of people who have, or whose parents have (in the cases of minors) conscientious scruples against vaccination. It is expected this loophole will be used by a large number of people who would otherwise come within the scope of the compulsory side of the statute. However, there is the disadvantage of this avenue of escape that, if any case of smallpox develops at any time in the district, all unvaccinated pupils and employees or all those without the necessary certificates, shall at once be excluded from the schools.

The checks but they have no record in the First National Bank, on which the checks were drawn.

Early yesterday morning Williams cashed a check in a San Jose street station, but later returned the check

MUSCAT PICKING ON; DRYING WEATHER BAD

Low Temperatures Enlarge Fears That Rains May Come Too Soon

Some of the very earliest muscat crops have been picked off and the prospect of a heavy crop is now in doubt. Picking is supposed to be nothing like general and the bulk of the crop will be very late, is still the prediction. The whole crop has been in a very uneven, spotted condition since the frost of last spring, and in the same way the time of ripening is rather varied, in the different districts.

Tulare county has some of the earliest places, and work on many of these started yesterday. The same very small places the goods are now on the trays.

The predictions of lateness in the crop and fears of bad drying weather are intensified daily by the condition of things handed out by the weather man. For the last four days, the maximum temperature has been very low, for this season, there has been considerable moisture in the air and drying conditions in general have been poor. Furthermore, the crop is being further retarded by every day of such weather. Last night saw considerable further drop in the thermometer, with wind.

With the time now here when the goods are going on the tray, renewed interest is being manifested in the situation, as it is predicted that the approach of the time for the holiday buying season is bound to react in a better demand for the goods, and a better feeling all about the crop as a consequence. Further, the crisis of the market is usually at the drying season, and considerable buying activity on the part of packers is being expected at almost any time.

BALCH AND WISHON WILL INSPECT ROAD WORK AT BIG CREEK

Will Motor to Hills Today and Look Over Route for the Grades

First Auto Trucks Secured for Transportation of Materials

A. E. Balch of Los Angeles, connected with the Huntington power interests that are putting the plant at Big Creek on the mountains above Academy, will arrive here at 4 o'clock this morning and proceed with Manager A. G. Wishon of the San Joaquin Light and Power Company by auto to the scene of the work. The special object of the visit is to inspect the road work which is now being done, and will be one of the principal parts of the work accomplished before the coming of winter makes further work in the district impossible. There are yet twelve miles of this mountain grade, which will be used largely for the transportation of material from the railway terminal at Friant, to build Balch and Wishon will go over this unfinished twelve miles, inspecting the route, and the camps along the way, of which there are at present five.

Wishon returned Sunday night from a visit of several days on the Bay. Incidentally, in talking over the Big Creek work last night, he said that two of the auto trucks that will be used in hauling material for this work have arrived in Bakersfield, and are to be utilized there during the time the railroad system of that city, which is controlled by the local power interests, is being rebuilt and improved. Then, these trucks will be brought forward for use about Big Creek. They are the first of a lot of about twelve, which will take the place of the time-honored ten-mile team in transporting heavy freight to the site of the Big Creek dam.

However, these will not be put into commission until spring, as actual construction work on the dam is not to be begun until then. The effort now being made is to get the excavation all through before winter sets in, as it is necessary to dig down to bed rock, and haul rock at that, before cross sections of the dam can be drawn, and accurate estimates of the cost and the amount of material needed can be arrived at.

REMAINS OF DROWNED MAN NOT RECOVERED BY SHERIFF

Are Thought to be Buried in Deep Sand at Mill Creek.

Brother of Arnel Lampe is Informed of Accidental Drowning.

After making a search all yesterday afternoon, Sheriff McSwain and his party gave up the search for the body of Arnel Lampe, who was drowned in Mill creek, Sunday afternoon. Early Monday morning the water was shut off from the creek but as the water receded a large quantity of sand was washed away from the banks and filled up a large hole just below the headgate, where Lampe was last seen. It is presumed that the body of the young man was in the hole, and is now buried beneath the sand.

As the hole is about fifteen feet deep, Sheriff McSwain made no effort to dig for the body as he was of the opinion that it would be useless. The water last night was turned into the creek and it is thought that perhaps the body will be discovered again as the sand is washed out of the hole.

When the body was not recovered

SIMPLE CEREMONIES TO MARK OPENING OF FRESNO NORMAL

Hundred Pupils to Enter and Success of School Already Certain

Many Teachers Will Take Work and Facilities for Them Given

Fresno's normal school will open next Monday at the Fresno high school building, with a brief formal ceremony. President A. B. Harris of the normal board will speak, and a talk will also be made by Chester H. Rowell.

The new school will open with about 100 pupils, and its success from the very first day is believed to be assured. For the first year of its existence, it will be conducted in such a way that its work will be closely interwoven with that of the Fresno junior college. This college, which is conducted by the city department of education, in connection with the high school, covers the work of the first two years of the regular university curriculum, and pupils from it are received at the California universities in the junior grade, even in engineering and the technical courses.

The work of the normal is largely devoted to school training for the duties of a teacher. The general educational and cultural part will be received in the junior college, in which normal pupils will be freely permitted to take work. The junior college people, in the same way, will be allowed to take normal courses. The college has been in operation for a year, and is a demonstrated success.

Special facilities will be furnished school teachers now in the employ of the city, who wish to take courses to further themselves for their work. In fact, it is expected a large number of teachers expect to take work in the normal this year. The work is to be so arranged that by teaching through a part of the time, and taking their courses in times not so occupied, the teachers may complete the normal course in four years.

OVERWORK CAUSES RUPTURE OF HEART

The body of Edwin Mills, who died suddenly on the Helm ranch while at work grading for the Hammond-Summit Lake railroad, was shipped to Long Beach last night for burial. The coroner's inquest was held yesterday and the jury returned a verdict that Mills died from a rupture of a valve of the heart. George M. Carter and Charles Sautelle testified that during the day on which Mills died he worked exceptionally hard and that while standing near a scraper he suddenly dropped to the ground and died before medical aid could be summoned. I. E. Mills, a son of the deceased, was in Fresno yesterday and accompanied the remains to Long Beach.

The sheriff made a careful search on the banks of the creek from the first headgate to the second headgate several miles below the first, but he was unable to find the body. Henry Lampe, 301 South Fifth street, New York City, has been notified of the death of his brother, Sheriff McSwain is expecting some word from this brother as to what course to pursue in regards to digging for the body if it is not brought to the surface in a few days. The deceased was about 25 years of age and at the time of death was employed on the Brock vineyard in Temperance colony.

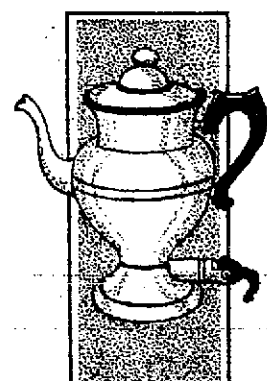

Now is the Time to Buy Iccotan or Grass Furniture

Rather than carry our stock of these goods over the winter, we are willing to let them go at a price that banishes all thought of profit. The reductions are from 25 to 33 1-3 per cent. The following are a few examples:

\$15.00 Iccotan Rocker, now	\$11.25
\$13.50 Iccotan Chair (with pocket), now	\$10.10
\$17.00 Grass Settee, now	\$11.75
\$10.00 Grass Table, now	\$6.70
\$8.50 Grass Rocker, now	\$5.75

Wormser Furniture Co.

Electric Coffee Percolator

THE Electric Percolators are made in styles that are very pleasing. They are an ornament to any table. They are most convenient as the coffee can be made right on the table and kept hot all the time. It is not necessary to leave the table to get the coffee. These percolators are nickel finish. They make the coffee in a very short time—nine minutes. The coffee is most delicious because it is made in the right way. Percolators come in sizes of a pint and a half to four pints.

San Joaquin Light & Power Company

Myopia

Is a common occurrence among school children.

Myopia means "nearsightedness" and is characterized by the child holding his school books close to his eyes, or peering at objects—straining his eyes to see. Sometimes headaches or nervousness result.

Let 1911 mark the time when you aided your child to see with-out effort, by having us prescribe glasses.

It means much for the future of the child.
